Dear Redistricting Committee:

Your map for congressional districts is a disaster and gerrymandered beyond belief. You have put Rep Adam Kinzinger facing Rep. Marie Newman. Both these legislators speak from the heart for justice, something so lacking in Congress, where money rules the game.

Get back to work please and let a non-partisan committee draw the maps. You have failed miserably. You are incapable of drawing a map without gerrymandering it.

Absolute power corrupts absolutely.
